Research Group

Pinch to zoom

Pinch with two fingers to zoom

Drag with one finger to move around while zoomed in.

Double-tap to fit the whole slide again.

The Pencil keeps writing while you are zoomed in.

Writing tools: only the Pencil draws

Pen

Pressure-sensitive ink in UZH colours.

Highlighter

Transparent marks over text and figures.

Laser pointer

A red trail that fades away: points without marking.

Eraser

Touch a stroke with the Pencil to remove it.

The toolbar, button by button

Open

Load a PDF from Files or iCloud Drive.

Clear

Removes all ink on this slide.

Previous / next

Same as tapping the left or right third.

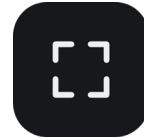

Save

Writes your ink into a new PDF.

Slide overview

Same as the lower-quarter triple-tap.

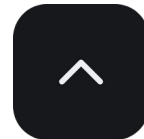

Full screen

Hides the browser bars where allowed.

Undo

Takes back the last change on this slide.

Hide toolbar

Tap the top centre of the slide to bring it back.

**Mirror the iPad to the projector, then
tap the top centre to hide the toolbar**

Save keeps your notes

Save writes your ink into a new PDF

On iPad, choose Save to Files and pick a folder.

Try it: circle something on this slide, then tap Save.

Open your own PDF from the toolbar to begin
